She / He is employed at Post Company Cars Ltd. and is authorized to offer you motor vehicle insurance policies on behalf of Allianz Suisse Insurance Company Ltd., Richtiplatz 1, 8034 Wallisellen, Switzerland ("Allianz Suisse") as a tied broker.

Providing factually correct and reliable customer information is always a top priority for us. You can find out about the content of the training that our staff undergo by contacting Post Company Cars Ltd., Operations, Stöckackerstrasse 50, 3030 Bern, Switzerland or by e-mailing service.companycars@swisspost.ch.

Collaboration/contractual relationships with the insurance company

Post Company Cars Ltd. has entered into a collaboration agreement with Allianz Suisse for the tied brokerage of automobile insurance solutions. It sells motor vehicle insurance on behalf of Allianz Suisse in the following insurance classes:

- Property insurance (comprehensive)
- Liability insurance (motor vehicle liability)
- Personal insurance (passenger/accident insurance)

In doing so, Post Company Cars Ltd. and its Customer Advisors act in the interests of Allianz Suisse. No contractual or other loyalty relationship exists between you and Post Company Cars Ltd. in connection with the offer of insurance products.

Errors, negligence or incorrect advice

Allianz Suisse shall be liable for any incorrect, inaccurate or negligent advice within the scope of statutory provisions.

Data protection

Data pertaining to you that is recorded as part of the customer contact process will be forwarded on to Allianz Suisse and its partner companies (particularly repair shops) to undergo further processing for the purposes of risk assessment, business processing, contract management, and will be stored and processed in accordance with data protection directives.

In doing so, Post Company Cars Ltd. and Allianz Suisse will take all precautions to ensure compliance with legal data protection provisions.

A copy of Allianz Suisse's detailed privacy policy can be found at www.allianz.ch/en/information/privacypolicy.html or here:
